Gate #2

IPT

physics

IPEN

Gate #3

University Campus bridge

Gate #1

Rebouças Av.

Euzébio Matoso bridge

At the university gate #1, the taxi driver should ask where the physics institute is. The easiest way is to take Prof. Luciano Gualberto avenue and turn left on the big square with the gigantic horse statue.

Big round about with gigantic horse statue

To gate #2

IPEN Gate #1

TAXI: Pegar avenida dos bancos, até a praça do cavalo. Subir (esquerda) em direção a prefeitura/hospital. Virar a esquerda na rotatória: rua do Matão

After the horse round about, take a left on the next round about. That's Matão street (institute's address). To get to my office, turn the next right at "Travessa R" street.

My office is room n.4 of Milênio building. It's a new white building after the parking lot on your left, after the yellow building, t as you go up hill towards IPEN entrance.

IPEN entrance is about 50m away

TAXI: Na rua do Matão, virar a direita para o IPEN
Parar no estacionamento a esquerda, logo depois do Prédio amarelo na subida, antes de chegar no IPEN
